Thanksgiving Cactus Plant Care Guide

Light

Bright, indirect light is ideal;
East or north-facing window is ideal

Watering

Water when the top 1-2" of soil is dry;
Water less when flowering is finished

Fertilizer

Feed with a water soluble fertilizer during active growth - spring through fall

Soil

Use well-draining potting mix;
Slightly acidic soil is beneficial

Temperature

Likes warm indoor environments:
60°F to 70°F (15°C to 18°C)

Repotting

Repot only when slightly root bound;
Use a pot 1-2 inches larger

Pruning

Prune any shriveled stems;
Best time is right after flowering

Toxicity

Nontoxic to cats, dogs, and humans;
Chewing may still cause stomach upset
